IN SUPPORT OF PETITION UNDER 37
C.F.R. §1.47(a)

RECEIVED

MAR 18 2002

OFFICE OF PETITIONS

Assistant Commissioner for Patents
Washington, D.C. 20231

I, Chad S. Hilyard, am an attorney at Townsend and Townsend and Crew LLP, representing Qwest Communications International Inc. ("Qwest") in the above-referenced patent application along with Brian N. Young ("Brian"). In addition to Brian's efforts, I also have made diligent efforts to contact Mr. Timothy Figueroa, an inventor for the above-referenced case and previously an employee of Qwest.

On or about November 6, 2001, Brian contacted me and asked me to call Mr. Figueroa, because he had not responded to Brian's letter requesting him to review the patent application and execute the declaration and assignment documents.

Between about November 10, 2001 and December 10, 2001, I called Mr. Figueroa at his work phone number (720-535-7700) at least four times and spoke to him at least three times. The first two times I spoke with Mr. Figueroa, he was very evasive. Specifically, he was hesitant to talk to me, but indicated that he had the declaration and assignment documents

at home, and requested that I call him back in a couple of days, which I did. On December 10, 2001, the last time I spoke with Mr. Figueroa, he indicated that he would not sign and return the declaration and assignment documents. Then, he hung-up on me.

The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the patent application or any patent resulting therefrom, declare that I am authorized to execute this instrument on behalf of applicants; all statements made of my own knowledge are true; and all statements made on information and belief are believed to be true.

RECEIVED

MAR 18 2002

OFFICE OF PETITIONS

Assistant Commissioner for Patents
Washington, D.C. 20231

I, Brian N. Young, am an attorney at Townsend and Townsend and Crew LLP, representing Qwest Communications International Inc. ("Qwest") in the above-referenced patent application. I have made diligent efforts to contact Mr. Timothy Figueroa, an inventor for the above-referenced case and previously an employee of Qwest.

On August 1, 2001, the above-referenced patent application was filed by Qwest with missing parts. On September 10, 2001, a Notice to File Missing Parts from the U.S. Patent Office was mailed to our office.

Therefore, I prepared the declaration and assignment documents for the above-referenced patent application and forwarded them to all the inventors (including Mr. Timothy Figueroa), along with the patent application as filed and a cover letter instructing them to review the application and execute the documents on September 27, 2001. A copy of the cover letter is attached as **Exhibit A**, the cover letter shows Mr. Figueroa's last known address,

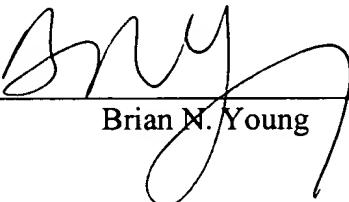

which is 15231 East Hialeah Place, Aurora, Colorado 80015. A reminder was mailed by Federal Express November 1, 2001. A copy of the Federal Express label receipt is attached hereto as **Exhibit B**.

The Federal Express Package was signed by L. Figueroa on November 2, 2001, we believe Mr. Figueroa received the documents, as shown in the declaration of Chad Hilyard, Mr. Figueroa was contacted at the address and has not signed the declaration and assignment documents.

The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the patent application or any patent resulting therefrom, declare that I am authorized to execute this instrument on behalf of applicants; all statements made of my own knowledge are true; and all statements made on information and belief are believed to be true.
